Mrs. John W. Wilson Dead.

(From the De Soto Times.)
Mrs. John W. Wilson died at the home of her son, Frank Wilson of Vineland, last Friday. She was 69 years old. The funeral was held Sunday morning from the home. Dr. L. L. Sowles of the Congregation Church of this city preached the sermon. The services at the grave were conducted by the De Soto Chapter, Order of Eastern Star. A large number of people from De Soto attended the funeral.
Mrs. Wilson was born in Etam, France, May 15, 1847. She came to this country when 8 years old, landing at New Orleans. Later she moved with her family to Nauvoo, Ill. Her maiden name was Aurelia Soufflet. She was married in August, 1860, to John W. Wilson. To this union six children were born, five of whom are living. The husband and father died November 7, 1914.

Political Pointers.

One faction of Republicans is advocating the nomination of Judge Hughes because he doesn't talk and his views, if any he has, on the leading questions of to-day, are unknown. Another faction is for Roosevelt because he talks all the time and criticizes everything that is done, and everybody who doesn't truckle to him. The old standpatters are coaching Hughes and will use him to defeat the nomination of Roosevelt. They will furnish Hughes with views after they nominate him. It is a sorry plight in which the leaders have placed the Republican party. Many of the rank and file of the party are growing more and more disgusted each day and are declaring their intention of voting for Wilson. He has been tested in the country's most trying time and has kept the country out of the world holocaust.

The people are not excited about Mexico, Germany or Great Britain, and they're glad the President isn't. Only those having a selfish interest, a political interest, or who lose their heads over differences, are howling. All thoughtful people approve the course that avoids war. In their mind nothing has occurred that justifies war. In all the differences with the nations the President has taken an honorable stand and made his appeal. If to maintain those positions war becomes absolutely necessary, few serious and sensible citizens will dissent.

A Shaky Principle.

(From The St. Louis Republic.)
The Anti-Saloon League is an organization which has been supported by ministers and church people generally throughout the United States; to this fact it owes its strength and its power to affect the outcome of political battles. Its future depends on the continuity of its hold on this constituency. And this continuity depends—in the final test—on the fundamental principles upon which the League bases its action.
It is building upon at least one shaky principle in Missouri just now. Its headquarters Committee declares that it has addressed to a Democratic candidate for the nomination for Governor, the question whether he will, if elected Governor, sign a prohibitory law with the "peace, health or safety" clause attached, which would prevent its being submitted to the people under the referendum provision of the Constitution.
Of course, the League is wholly within its technical rights in addressing any question it can frame to any candidate whom for any reason it desires to bother, harass or defeat; that is not the aspect of the question which concerns us; that is the ordinary procedure of personal politics. The thing we are interested in, the thing which ought to interest every minister, every member of a Christian church and every citizen of Missouri who cares a copper about the morals of politics, is the fact that the League is attempting to secure certain legislation in a way which will dodge the appeal to the people.
The referendum provision was written into the Missouri Constitution in order to make it impossible for special interests, of any sort whatsoever, to take advantage of a temporary as-

cendency in the Legislature to fasten on Missouri a law not approved by the majority of its electorates. It is our chief bulwark against boss rule and machine domination.
Our referendum law was obtained by a great struggle. It was the struggle of the people against privilege—of open-air government against invisible government, of democracy against irresponsible despotism. Does the Anti-Saloon League want to go on record as championing a program which shall take away from the people of Missouri the priceless right which the referendum conferred upon them—the right of the sovereign people to pass upon the acts of its own servants?
No moral question now before Missouri is more important than this.

Good News.

Many Ironton Readers Have Heard It and Profited Thereby.

"Good news travels fast," and the many bad back sufferers in Ironton are glad to learn where relief may be found. Many a lame, weak and aching back is bad no more, thanks to Doan's Kidney Pills. Our citizens are telling the good news of their experience with this tested remedy. Here is an example worth reading.

Mrs. Nellie Rust, Ironton, says: "One of my family was in pretty bad shape and suffered almost constantly from backache, sometimes being scarcely able to get about. The kidney secretions were generally too frequent in passage, particularly at night and often painful. Doan's Kidney Pills, procured at the Arcadia Valley Drug Co., stopped all that and we have never been without them in the house since."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Rust recommends. Foster-Niburn Co., Props., Buffalo, N. Y.—Adv.
